

Efstratios Avagianos

Unity Developer

My name is Stratis, a passionate and dedicated junior full-stack developer specializing in front-end development and Unity. With a strong track record of creating and implementing software applications, I possess the skills necessary to leverage APIs and bring ambitious projects to fruition. At 24 years old, I bring a fresh perspective, enthusiasm, and a keen eye for detail to every project I undertake. Currently im looking into finding my first job as Front-End Developer.
